

CERGE-EI COURSE EVALUATION**SUMMER SEMESTER 2024**

Name of Course: ECONOMETRICS II

Name of Teacher: STANISLAV ANATOLYEV

Name of TA: YAROSLAV KOROBKA

TA – COMMENTS – YAROSLAV KOROBKA

Please write comments below considering qualities like encouraging students to participate actively in class, using time efficiently, good use of examples, available and able to answer questions.

- He is a very good TA. I do not agree with his grading
- Everything was good
- It was okay
- Explained concepts in more clear way
- -
- Using time efficiently and available to answer questions
- Very good, one of the best of the whole year
- Very good TA
- Yaroslav can explain complex econometric problems clearly. Unlike many TAs, he can provide intuition for problems that we solve at ES, even for nasty econometric formulas. :) I am glad that he has taught us again this semester. Overall I rank him as a best TA of the whole first year!
