

CERGE-EI COURSE EVALUATION**FALL SEMESTER 2023**

Name of Course: STATISTICS

Name of Teacher: PAOLO ZACCHIA

Name of TA: YAROSLAV KOROBKA

TA – COMMENTS – YAROSLAV KOROBKA

1. Please write comments below considering qualities like encouraging students to participate actively in class, using time efficiently, good use of examples, available and able to answer questions.

- -
- The class is very informative and helpful, it make students to participate and discuss
- Very good TA.
- He is very good
- Very good
- Available and able to answer questions
- Sometimes he was unsure and it looked like he does not know how he computed something, but really nice handwriting
- Well organized, clear
- Overall, our best TA this semester. He was always perfectly prepared for the class, 100% coordinated with Paolo's lectures. He started each TA session with short summary of theory related to the content of TA session which helped me to better understand lecture material and gain more from the TA sessions. Problems we solved on TA sessions were well-chosen and beneficial towards our PSs and final exam. He also helped us to visualize some concepts using statistical software. He encouraged students to come to TA sessions and the attendance during the 2nd half of the semester increased substantially.
- Excellent in his presentations
- Yaroslav is very organized and prepares adequately for ESs.
- reasonable
